Alaeddine HAMADOUCHE

STUDENT IN NETWORK & SYSTEMS ADMINISTRATION & SECURITY

GoMyCode - Comptia

INTRO TO CYBERSECURITY CERTIFICATION

Completed hands on labs covering system administration (Linux/Windows), network reconnaissance & sniffing, firewall/IDS configuration, threat & vulnerability analysis, security architecture & access control, cryptography, and basic incident response. Practical experience with Kali Linux, SIEM, pentesting, and data encryption.

GoMyCode x Amazon Web Service

AWS CLOUD PRACTITIONNER CERTIFICATION

Hands-on AWS experience: EC2 deployment, S3 storage & static hosting, IAM access control, DynamoDB & RDS management, VPC & networking setup, CloudFront CDN, Auto Scaling, Load Balancing, CloudFormation, and cost & budget management. Practical labs with ~90% average score

Learning and building in IT since 2025

PORTFOLIO CYBER & CLOUD

Access my cybersecurity labs (Kali, SIEM, IDS/IPS), AWS deployments (EC2, VPC, S3), and network projects – complete with code, screenshots, and detailed documentation

Soft Skills

- Adaptability & quick learning.
- Teamwork & collaboration.
- Analytical thinking & problem-solving
- Attention to detail.
- Communication (technical reporting & documentation)

Technical Skills

Networking: TCP/IP, VLAN basics, firewall concepts, sniffing
Systems: Linux, Windows, Windows Server, Kali Linux
Security: IDS/IPS, SIEM, threat analysis, cryptography, pentesting
Cloud: AWS (EC2, S3, RDS, DynamoDB, VPC, IAM, CloudFront, Auto Scaling, CloudFormation, cost management)
Programming & Data: Python , SQL basics

Formations

2025 - 2028

AEC in Computer Systems and Network Management
Cégep de Sherbrook, Canada

2025 - 2028

BTS in Administration and Security of Computer Systems and Networks
INSIM, Algiers
